---

## Skills

HTML, CSS, JavaScript, JQuery, Bootstrap, Materialize, C++, Python

---

## Experience

**BMW/ Technician**  
January 2012 - PRESENT

I am a BMW technician and ASE certified master technician. Worked for various dealerships throughout a 9 ½ year career.

**Student at Denver University / Full stack web development**  
June 2021 - December 2021

Currently enrolled in a bootcamp through Denver University due to graduate with a certificate of completion in December of 2021.

---

## Education

**Wyotech / Certificate of completion in automotive technology**  
September 2009 - June 2010, Sacramento, CA

Studied automotive technology with a specialty in high performance powertrains. I learned key organization and time management skills that have applied to more than just the automotive industry.

**Denver University / Pending.**  
June 2021 - December 2021, Denver, CO

Studying full stack web development via a 24 week bootcamp due to receive a certificate of completion upon graduation.
